Meets your requirements: Case: robust, large, stable and secure with lid brake.
Lowers your costs: The right tool protects you from damaging materials and avoids subsequent work.
Increases your safety: Internationally award-winning VDE-insulated tools, each individually tested at 10,000 V AC and approved for use at 1,000 V AC.
Increases your safety: Gas-filled shock absorbers hold the lid in all positions and reduce the risk of injury when closing.
Protects your health: Wiha pliers require less force and reduce pressure on wrists. Ergonomic handle design makes work easier and prevents occupational illnesses.
Protects your health: Carry belt enables the simple transport of the tool case and keeps hands free for other materials.
Increases your efficiency: A comprehensive tool assortment, always having the right tool at hand when needed.
Increases your efficiency: The design and function of the tool trays guarantee quick and easy access to tools.
Increases your flexibility: Ample space for additional tools and lots of storage for small parts and machines.
Application: Suitable for working in the presence of live parts up to 1,000 V AC. The complete kit for professional electricians out on jobs.
The tool inserts in the electrician's 83-piece XL Competence Case are designed to help you work efficiently by ensuring that all tools are quickly and easily accessible. Thanks to an extensive kit, electricians have the right device for every application, such as the LiftUp electric magazine bit holder, fully insulated screwdrivers from the Wiha Slim line or TriCut installation pliers. The large storage space in the toolbox also offers ample space for more small parts and other equipment. Made of robust polypropylene, the cases also feature gas-filled shock absorbers, which hold the lid in different positions, preventing it from closing automatically. The chances of fingers getting caught or other injuries are minimised as a result.
