

**3967/9 TX SXL Multicolour HF Stainless 1 L-key set with holding function, stainless,
9 pieces**

EAN:	4013288207128	Size:	245x100x35 mm
Part number:	05022689001	Weight:	357 g
Article number:	3967/9 TX SXL Multicolour HF Stainless 1	Country of origin:	CZ
		Customs tariff number:	82041100

- L-keys for recessed TORX® screws
- The holding function on the long arm keeps screws securely on the tool
- Extremely high corrosion protection thanks to ice-hardened stainless steel design
- Compact and easy to remove - stored in a 2-component plastic clip
- Handle-friendly hose jacket with tool finder Take it easy: Colour coding according to size

Set of high quality stainless steel L-keys for internal TORX® screws. Very corrosion-resistant due to ice-hardened stainless steel material of the L-key, avoiding the transmission of extraneous rust in stainless steel screw connections. With holding function on the long arm: The clamping force resulting from the surface pressure between the output tip and the screw profile holds the screws securely on the tool. With extra long arm for working in a low position. The grip-friendly hose jacket facilitates screwdriving even at low temperatures. Take it easy tool finder with colour coding by size. With a practical clip made of durable material for secure holding of the L-key while at the same time allowing easy removal.

Stainless L-keys

Wera L-key with holding function:
967/9 TX XL Multicolour HF 1
(9-piece set) and 950/9 Hex-Plus
Multicolour HF 1 (9-piece set)

Stainless L-keys are hardened to
the same strength as conventional
(carbon) steel tools, and prevent
extraenous rust forming.

With sleeve

L-keys with a thermoplastic sleeve
are manufactured out of easy-to-
grip, circular material. The sleeve
ensures that work is safe and
comfortable even at low
temperatures. Colour coding and
large stamp to enable the desired
L-key to be easily located.

Holding function for recessed TORX® screws

The HF tools developed by Wera
are ideal because they feature an
optimised geometry of the original
TORX® profile. The wedging
forces resulting from the surface
pressure between the drive tip and
the screw profile mean that
TORX® screws made according to
Acument Intellectual Properties
specifications are securely held on
the tool!

Take it easy tool finder system

Take it easy tool finder system -
with profile and size colour-coding
for quick and easy tool selection.
Colour-coded system for hexagon
drive screws (L-Keys, Zyklop bit
sockets), external hex drive screws
and nuts (Joker wrenches, Zyklop
sockets and Zyklop bit sockets
with holding function), and TORX®
drive screws (L-Keys, Zyklop bit
sockets).

Secure hold and easy removal

The wear-resistant clip material
ensures that the L-keys are
securely held yet are easy to
remove.
